Viroplazin®
Activated Immune Response

Patient Information Leaflet - PIL

1. NAME OF THE PRODUCT
Viroplazin 25 mg capsule
Viroplazin 50 mg capsule
Viroplazin 100 mg capsule
Viroplazin 200 mg capsule
Veterinary medicinal product with therapeutic effect.

2. PRODUCT FORM
Capsule

3. COMPOSITION OF THE PRODUCT
1 capsule contains:
Active ingredients: Apricot seed extract (*Prunus Armeniaca Ext., Prunus Persia kern. Ext.*) and Sodium thiosulfate pentahydrate: 25 mg / 50 mg / 100 mg / 200 mg
Excipients: dextrose, colloidal silicon dioxide, magnesium stearate

4. TARGET ANIMAL SPECIES
Dog, cat

5. INDICATIONS, AREAS OF USE, RECOMMENDED APPLICATION
For supportive treatment of viral infections (such as canine parvovirus enteritis, feline panleukopenia, and rhinotracheitis caused by calicivirus or herpesvirus).

6. DOSAGE AND METHOD OF ADMINISTRATION
Administration: Oral use.
Dosage: 5 mg/kg body weight, twice daily.

- In acute infections: for 5–7 days
- In subacute and chronic cases: for 10–14 days

7. CONTRAINDICATIONS
Do not use in cases of hypersensitivity to the active substances or excipients.

8. SIDE EFFECTS
None known.

9. WARNINGS

In studies on laboratory animals (mice), a dose of 5000 mg/kg caused only mild drowsiness and no other clinical symptoms. However, product usage instructions must be strictly followed, including correct dosing. In case of severe overdose, contact the attending veterinarian. The product's safety during pregnancy and lactation has not been studied; its effect is unknown. When used simultaneously with antioxidant products (e.g., vitamin C, vitamin E), the efficacy of the product decreases.

10. EXPIRY DATE

Shelf life: 6 years when stored in original packaging from the date of manufacture.

11. STORAGE CONDITIONS

Store below 30 °C.

12. PACKAGING

10 capsules in blister, in a carton box.
20 capsules in blister, in a carton box.

13. KEEP OUT OF REACH OF CHILDREN!

14. FOR VETERINARY OR ANIMAL CARE USE ONLY!

15. DISPOSAL OF UNUSED PRODUCT AND WASTE MATERIALS

Unused product and waste materials must be disposed of in accordance with local requirements.
